

Rome, 05/ 05 / 2021

Dear Teams and Drivers,
we are now at the beginning of a new racing season and, unlike 2020 when the pandemic forced delays on us, this year we are apparently ready to start our engines respecting the calendar.

In line with our now consolidated tradition, once again this year Scuola Federale will be present at race tracks to perform its usual tutoring programme for the Italian Formula 4 Championship. 2021 will mark the **17th year** of this wonderful initiative that continues to be extremely gratifying in that it gives us a chance to get to know and launch a large number of very young drivers and also to work with highly professional teams.

And so we continue our journey, seeking to renew our activities year after year while remaining faithful to our deep-rooted tradition that led us to take our first steps in 2005, with the category that is very dear to us, the **Formula Azzurra – Trofeo Michele Alboreto**. And it is precisely to this great Italian racing driver that our Scuola Federale is dedicated.

In 2021 we will once again be present at racetracks with our Staff of Federal Instructors for the planned **7 events**.

As always, we will be monitoring **free practice, qualifying sessions** and **races** with a series of **briefings** during which young drivers will be supported through activities ranging from **analyses of telemetry data** and **videos** to a study of **sports regulations**.

Scuola Federale will also provide its **consultancy** to the Panel of Stewards and the Race Direction in analysing the young drivers' on-track behaviour.

So I look forward to seeing you all at the **Paul Ricard circuit, on Friday 14 May 2021 at 5.00 p.m.** for the first briefing of this new exciting racing season.

Best wishes

Raffaele Giammaria
Scuola Federale ACI SPORT
Director

Timetable Activities Scuola Federale

Paul Ricard Formula 4 race week-end

(14 – 16 May 2021)

based on the Draft V2

Friday, 14 May 2021
